Letter Of Recommendation
Short-Term Internship

Date: 30/03/2026

I am writing to recommend **Mr. Shamit Dule,** who successfully completed a 6-weeks short-term internship with our organization from 28/01/2026 to 25/03/2026.

During the path of this internship, he demonstrated a strong willingness to learn and quickly adapted to our technical environment. Despite the short duration, he effectively contributed to various project modules involving technologies like 'Application Devlopment using Java' and displayed great problem-solving ability.

He is proactive, punctual and a team-oriented individual. His determination to understand complex concepts in a limited time frame reflects a genuine passion for learning and a career in the IT industry. We also appreciate his constructive attitude during discussions & code reviews.
We are confident that he will add value to any team or organization he becomes part of in the future. We wish him the very best in all his future endeavors.

Sincerely,
Mr. Rajiv Varma
